ART SPACES

*"You can't do sketches enough.
Sketch everything and
keep your curiosity fresh."*

John Singer Sargent

Drawing Out of Doors

We invite you to look around you and sketch what you see! Draw from the Life Model and our artists have plenty of ideas and tips too for capturing nature, the outdoors, streetscapes and more. Drawing is a great way to discover more about the world around you. Art materials are supplied.

Embossed and Screen Print-Making

Our artists will show you how to create a beautiful embossed print or a screen print by pressing simple shapes onto special paper. Look for inspiration in the patterns around you or from nature when composing your ideas.

‘Make Your Mark’ Pop Up installation

Join us to celebrate the outdoors by making your own mini artwork inspired by the idea of ‘what the outdoors means to you’. Maybe it is playing outside, or riding your bike, taking your dog for a walk, enjoying the seaside or being in awe of ever changing skies, we would love to see your creation on a mini canvas measuring only 8.5cms x 6cms!

When finished, add your mini canvas to an every growing pop up installation in the Gallery’s Sculpture Hall!

Crowns to Creatures Art Craft

We will use a variety of techniques to recreate some beautiful crowns or fans or paper insect-blossoms to wear and take away!

"In drawing, nothing is better than the first attempt."

STREET ART WITH JESS TOBIN AKA NOVICE

Saturday 3 August, Noon-4pm

Street art in action: On Saturday watch the processes involved in creating a large scale art piece using spray paint. Hang out and watch as Jess creates a piece in her signature style designed especially for and inspired by the Hugh Lane Gallery.

Sunday 4 August, Noon-4pm

On Sunday **Jess Tobin aka Novice** is hosting workshops. Over the course of each workshop session you will have an opportunity to learn can control techniques from Jess, try out using spray paint and most importantly have fun while being creative. Numbers limited to eight for each session and suitable for ages 8+

Jess aka Novice, is a Dublin native and member of the [Minaw Collective](#), whose work is a mixture of the mediums that she loves, pencil, Photoshop and spray paint recently experimenting again with acrylic paint. On paper her illustrations feature sayings that make her smile and drawings that challenge her skill while exploring what colour can do.

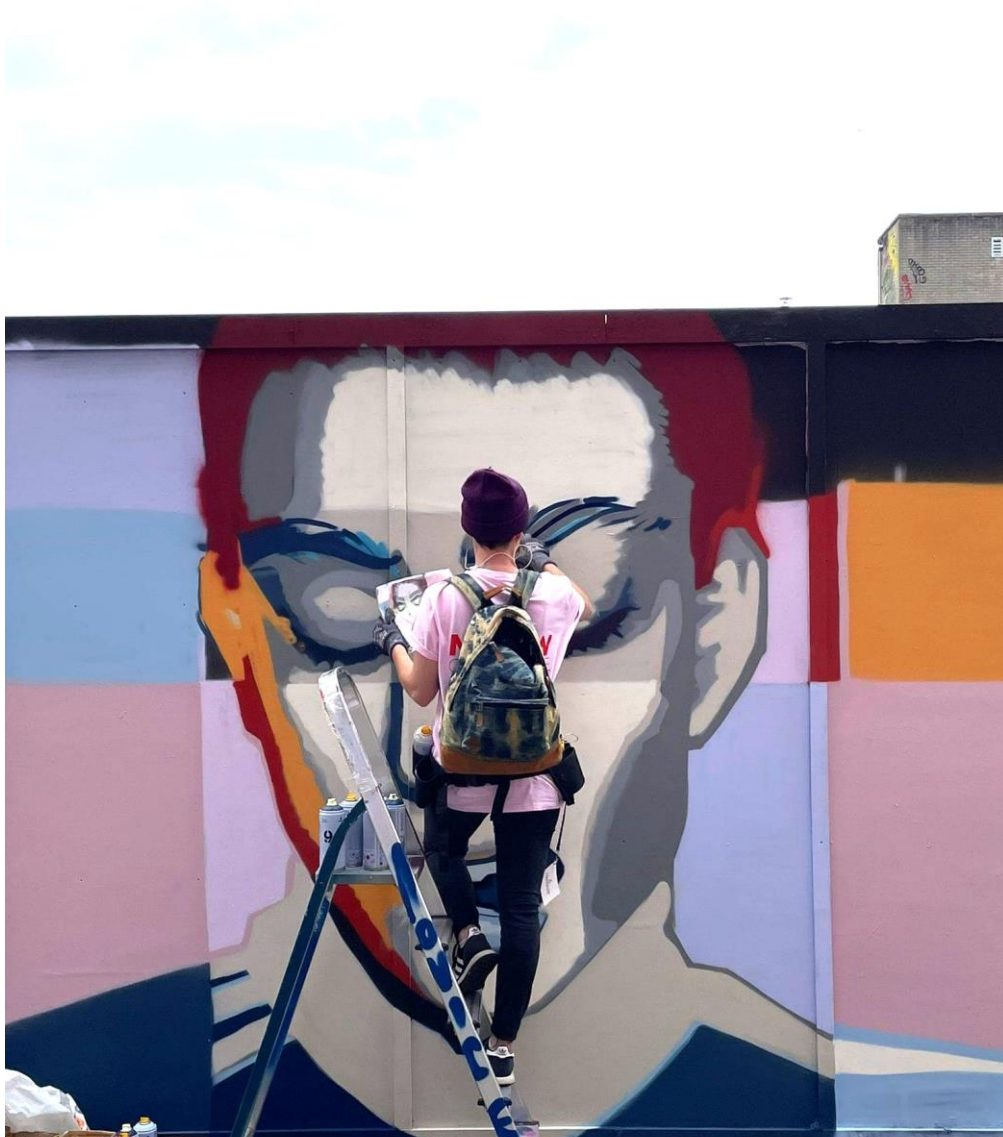

The work she creates on walls feature large faces, which lately have become more stylised. Jess likes to design these pieces using photoshops many features and filters to manipulate and over produce photos combining them with other textures in a digital collage design. The designs are then applied to walls using spray paint.

Hailing from a very creative family, Jess spent 2 years in BCFE in Dublin, graduated from the National College of Art and design with a Hons degree in Ceramic Design and a Post grad in Community Art education.

Although Jess has spent her life with a pencil in her hand she gave herself the street artist name of Novice. This is for two reasons. One was because when she chose a street art name she was very new to the media and scale. And two because as a creative person (and human) she believes in having to always be a novice, always learning, always discovering. Jess maintains that the longer she creates art the more

she feels the need to learn or thinks that may be what getting older & wiser does to you.

Her favourite thing about being an artist is getting lost in creating art, facing the challenges and enjoying the wins along the way.
